

SCOPE OF SERVICES

Gaylord Specialty Healthcare

is a rehabilitation-focused, nonprofit health system that provides inpatient and outpatient care.

Primary Location

Gaylord Hospital
50 Gaylord Farm Road
Wallingford, CT 06492

Mission

To enhance health, maximize function, and transform lives.

Vision

To become a nationally recognized leader in optimizing outcomes in rehabilitative, regenerative, and complex medical care.

Values

Patient-centered care is achieved with a culture that embraces these values: Innovation. Teamwork. Inclusion. Safety. Integrity. Compassion. Accountability. Respect. Excellence.

Gaylord provides physiatry consult services for local acute care hospitals on a contract basis.

INPATIENT SERVICES

Gaylord Hospital, located on a 400-acre campus in Wallingford, Conn., is a long-term acute care hospital licensed for 137 beds that specializes in the care and treatment of medically complex patients and patients in need of acute rehabilitation.

The **MEDICAL DIVISION** treats patients with multiple comorbidities in addition to their primary diagnosis by providing diverse care by many clinical specialists:

- Vent Weaning
- Chronic Vent Management
- Complex Pneumonia
- Severe Chronic Obstructive Pulmonary Disease (COPD)
- Chronic Emphysema
- Respiratory Insufficiency
- Tracheostomy Care
- Sepsis/Infectious Disease
- Pre/Post Transplant
- Pulmonary Edema/Congestive
- Post-Op Complications
- Complex Wound Care/Osteomyelitis
- Post Ventricular Assist Device Care
- Peritoneal Dialysis
- Hemodialysis (Contracted Service)
- Decannulation
- Hospice (Contracted Service)
- Diagnostic Imaging
- Laboratory Services (Contracted Service)

The **REHABILITATION DIVISION** continues to manage medical needs while offering aggressive, specialty rehabilitation programming for:

- Brain Injury - Acquired and traumatic
- Neurological Conditions – Highly complex from illness or injury
- Orthopedic Conditions – With medical complexities
- Stroke patients with comorbidities
- Spinal Cord Injuries - Acquired and traumatic
