## Gaylord Cup Awarded to Patient Financial Services

At the May Management Meeting, Chief Financial Officer Chris Hayes proudly announced that the Patient Financial Services (PFS) team was awarded the Gaylord Cup. This recognition comes on the heels of their remarkable achievements, including a record-breaking \$10 million collection in April alone. As of today, with two days left in the month, they have already surpassed their goal by collecting \$8.5 million. This year-to-date through April, they have achieved an outstanding 101% of their financial target.

What has propelled these accomplishments? Hayes attributed their success to a collaborative approach within the PFS team. They initiated a series of strategic actions, starting with weekly prioritization of targeted accounts. By reducing bill hold days, they expedited billing processes, enhancing efficiency. Moreover, increased outreach to payers and more frequent interim billing also contributed to their success.

The team's dedication, creativity, and embrace of new tools underscore their commitment to excellence and innovation. Congratulations and gratitude to the entire PFS team for their outstanding efforts and achievements!

## Gaylord's Got Game at Madison Jaycee's Golf Tournament

Andrew McIsaac, Corey Podbielski, James Harkin, and Jim Russo recently represented Gaylord at the annual Madison Jaycees Golf Tournament, finishing with an impressive score of -7. While they didn't take home the top prize, the event was a fantastic day of camaraderie — all in support of a great cause.

The Madison Jaycees is a dynamic organization dedicated to enhancing the welfare of Madison, Guilford, and neighboring communities through hands-on service projects. Their mission helps cultivate leadership, civic engagement, and a strong sense of community among local residents.

Gaylord has proudly supported the Madison Jaycees since the Madison clinic opened its doors in 2022, and we're honored to continue partnering with a group that shares our commitment to community betterment.

## New Loading Dock Door Enhances Safety, Security and Comfort

A long-anticipated upgrade at Gaylord Hospital is now complete: a new weather-tight, electronically controlled door has replaced the older swinging doors at the loading dock entrance into the hospital. The project improves building security and energy efficiency and allows for easier transportation of materials into and out of the hospital for staff and vendors.

The new roll-up door is made of cut-resistant vinyl and is designed to be wind-resistant, opens and closes in four seconds, has a number of safety features, and is fully sealed, meaning no cold drafts will seep into the building during the winter months.

The door limits building access to badge-holding employees and approved vendors who are granted temporary access. It is monitored by a camera and can be remotely opened by staff in the storeroom, security, or the switchboard.

If you are not already registered to receive emergency alerts, text **Gaylord** to **67283** from your smartphone.

## Meet Our New PM&R Residents

Each year, our Physical Medicine & Rehabilitation (PM&R) residency program selects just **four** outstanding individuals from hundreds of highly competitive applicants. PM&R is a demanding specialty that draws top-tier talent from across the country—and we're proud to say our current residents are nothing short of extraordinary.

Our mission is to train physicians who provide **comprehensive, evidence-based, and compassionate care** to individuals affected by disability, disease, or injury. We are deeply committed to supporting our residents with a high-quality education, fostering innovation, advancing research, and developing programs that meet the evolving needs of our community.

This commitment to excellence in residency education not only strengthens patient care—it also elevates our reputation as a leader in rehabilitation medicine. Through the success of our residents, we grow as an institution.

Please join us in welcoming this remarkable group of new residents. We're excited to see all they'll accomplish during their time with us!

## She Won't Just Walk, She'll Rise

**Hearst Connecticut Media** published a story (including in the New Haven Register and other local dailies) about a remarkable North Haven outpatient, Isabella Chambasis. She had a stroke and kidney transplant at 14 and just started walking a few months ago. Thanks to her Gaylord outpatient team, including Jadean Hoff and Alexa Adams, she has made incredible strides.

Isabella – who also lost her 7-year-old sister to violence and her father in an accident – told Jadean when she started working with her last October that her goal was to walk across the stage at her graduation this coming June. And she will do just that!

## Resiliency Corner

Your go-to space for recharging, reconnecting, and re-centering. Our staff resiliency task force was created with you in mind, focusing on support for your physical, mental, emotional, spiritual, and nutritional well-being.

From self-care tips and stress-relief tools to wellness activities and community connections, this space is all about helping you care for yourself the way you care for others. Stay tuned for fresh ideas, helpful resources, and ways to refuel—because your well-being matters.

### Updates from the Resiliency Corner:

- Yoga is going strong and we are adding Zumba to the mix. It begins Monday, June 9th at 4:10pm with four consecutive sessions.

Please RSVP to Paul Pacileo at [ppacileo@gaylord.org](mailto:ppacileo@gaylord.org) to sign up.

- We also had a successful paint party with more than 30 participants. Creating art is proven to reduce stress and increase mindfulness.
- Coming soon: Christina Drogkaris will lead a weekly guided walk around the Gaylord campus so stay tuned!

# Nursing Leadership Award: Milly Baez, MSN, BSN, RN

The 2025 Excellence in Nursing Leadership Award goes to Milly Baez!

Milly was nominated for the exceptional leadership and dedication that she brings to work every day. She is deeply loved by everyone she works with - a testament to her genuine kindness and beautiful spirit, both inside and out.

Milly manages all hospital operations with remarkable skill and efficiency, ensuring things keep running smoothly, even under pressure. Her leadership not only inspires commitment but also fosters a supportive and positive work environment. Milly's blend of professional excellence and personal warmth makes her an invaluable asset to our hospital and a true role model for all.

We love you, Milly!

## Congrats to our Preceptor of the Year Award Winners

### Jaymelee Boucher, LPN, Lyman 1:

Jaymelee's thoughtful planning, hands-on mentorship, and unwavering support created a powerful learning experience for her preceptee. Her guidance challenged critical thinking and built confidence every step of the way. Thank you for your dedication to excellence in nursing education!

### Kendra Wilson, RN, Hooker 1:

With a warm attitude and exceptional professionalism, Kendra went above and beyond to support her preceptee—including staying late to ensure success. Her commitment to both patient care and team development truly shines. Congratulations on this well-deserved recognition!

### Cheryl Wiecek, RN, Hooker 1:

Cheryl's compassionate, confidence-building approach helped her preceptee feel empowered from day one. Her patience, encouragement, and genuine investment made a lasting impact during a critical time of transition. We're lucky to have you leading the way!

# Scholarship Winners Announced During Hospital Week

The annual Scholarship Award ceremony took place on Friday, May 16 in Brooker where six recipients were each awarded a \$2,000 scholarship to further their education. Below are the recipients for this year:

## Barbara Chase Lane Scholarship:

- **Christian Maron** is pursuing his Master's in Prosthetics and Orthotics at Northwestern University, inspired by hands-on lab work and shadowing experiences that revealed the life-changing impact of personalized patient care. His mother, Elle Maron, is part of Gaylord's Volunteer Services team. Faculty praise Christian as intelligent, mature, and deeply committed to rehabilitation science. (His mother, Elle, accepted the scholarship on his behalf.)
- **Austyn Neidel**, a Springfield College student from Glastonbury, is working toward a career in Physical Therapy—sparked by his own athletic injuries and inspired by his father, Bill Neidel, Director of Inpatient Therapy Services at Gaylord. Teachers describe Austyn as responsible, hardworking, and an exceptional communicator.
- **Alexx Reinwald**, from Bethany, will pursue a therapy degree at Randolph College, following in the footsteps of her mother, Paige Reinwald, Gaylord's Quality and Risk Coordinator. A student-athlete and natural leader, Alexx combines a love of science with a deep drive to help others, embracing every challenge with a "Think Possible" attitude.

## Dolly Parisi Scholarship:

- **Zahira Beausejour**, will study nursing at UConn with dreams of becoming a Pediatric Nurse Practitioner. Inspired by her mother, Alfea, a respiratory care practitioner at Gaylord, Zahira brings passion, professionalism, and a deep love for working with children to her healthcare journey.
- **Ethan Fairchild**, a Nova Southeastern University nursing student from Wallingford, believes nursing is a calling, not just a career. With hands-on experience and a calm, observant presence, he's following in the footsteps of his mom, Andrea, a nurse on Lyman 1, and aims to become an APRN focused on making a real impact. (His mother, Andrea, accepted the scholarship on his behalf.)

# A letter from the grateful husband of a former patient, and Recognize A Star donor...

Dear Star Recipients,

I was so looking forward to being with you today as you receive your STAR AWARDS. I have had flight delays that pushes my arrival at Bradley International so late, I would miss most or all of the presentations. I am so disappointed, as I was wanting to be there to personally express my appreciation to each of you.

As you may know, I lost my dear Cindy in January. But I wanted to express to each of you the impact that you have had on both Cindy and myself during our time at Gaylord.

From my arrival late at night and being escorted personally to my cottage by John Smith to our last day when I saw Jen Cooper lifting those heavy trays of dishes into the dishwasher, I noticed in each of you that extra attention to detail or care that you gave to your job. It's important that you know that what you do and how you do it makes a difference in the lives of those in your care. I could go down the list of names and relate something in the way each of you touched our lives.

Jaime, Michelle and Brad probably spent the most time with Cindy. Your patience and encouragement was so appreciated. Those of you who cared for Cindy as nurses and care givers are "God's Angels" in "the way" you carried out your acts of mercy and care. You are a special breed of professionals. God bless each of you!

And for the other STAR RECIPIENTS who may have had a less direct interaction with Cindy, never underestimate the impression you have made on both myself and Cindy! Whether it was in security, food service or maintenance, how you interacted or provided that "extra measure" of assistance or help was noticed and appreciated. And I do have to say one thing about Kevin Winters, the floors of Gaylord shine because of you! Most may take clean, shiny floors for granted. But Kevin your pride and attention to detail does not go unnoticed! GREAT FLOORS!

I just want each of you to know how impactful you are to those patients and family members, like Cindy and me, who have come to Gaylord for care and treatment. You touch our lives (both physically and personally) and you make a difference in our lives. Never underestimate the potential impact you may make on our lives.

Even though we have lost Cindy, what you did for us is so appreciated. None of us can control the end of the journey but your role in service to Cindy means everything.

I just want you to know that you are appreciated and "Thank You" for making a difference in our lives.

Tom Gandee

# Weekend Walking Challenge

1. Patients will be identified by therapists with a green tag on their door saying "Weekend Walker".
2. These walkers will also be highlighted on a form left at the nurse's station.
3. Every walk completed by a staff member will be recorded on this form.
4. The employee who has the most number of walks each month will be our Weekend Walker Champion and be recognized.

See your nursing supervisor for more details!

## Scholarship Presentations (cont.)

### Kornguth Family Scholarship:

- **Danielle Copeland**, a pharmacy tech and mom of three from Waterbury, is earning her nursing degree at Goodwin College. With experience as both a CNA and in pharmacy, she brings a unique, compassionate, and well-rounded approach to patient care—and exemplifies lifelong learning in action.
- **Latoya Dale**, an LPN on Hooker 1, began her journey in Gaylord's CNA Academy and is now pursuing her RN at Gateway Community College. Known for her calm presence and clinical skill, Latoya embodies Gaylord's commitment to growing talent from within.
- **Olivia Vitale**, a rehab aide in Madison, is preparing to begin her Doctorate of Physical Therapy at the University of New England. Inspired by a cousin's spinal cord injury and patient triumphs she's witnessed at Gaylord, Olivia is driven by empathy, determination, and a passion for rehabilitation.

Each of you represents the future of compassionate, skilled healthcare—and the impact you'll have is limitless.

You've earned this recognition through your dedication and drive. We are proud to support your journeys and can't wait to see the difference you'll make in the lives of others.
