A Message from the President and CEO

For more than 115 years, Gaylord has helped patients reclaim their lives. It is my honor to lead an organization that is committed to helping people achieve their goals for healing and recovery during their time of greatest need. The tremendous outcomes we are able to achieve are a direct result of the partnership between our patients, their families and our team. Our community of clinical experts, donors, volunteers, foundations, corporations, and our employees are all part of what makes up Gaylord's Think Possible culture. Without all of you, what we strive for every day would not be possible. I am deeply grateful for your support and dedication.

Together we recover, grow, innovate, empower, and inspire. The 2020 Annual Donor Gift Report is about celebrating you and our community. It highlights our triumphs, challenges, and progress during an extraordinary year as each and every one of us has adjusted to living with an ongoing pandemic. 2020 presented challenges that we could not have foreseen, but the Gaylord community came together to serve an important role in the recovery of those impacted by COVID-19.

Despite many challenges, we charged forward. We launched the Milne Institute for Healthcare Innovation focusing on research and patient centered technology. We expanded our footprint—opening a new outpatient facility in Cromwell, CT. We instituted new health and safety protocols to further protect our patients, their families and caregivers. We expanded programs and capacity to meet the needs of healthcare partners and our population. We continue to focus on building a future that delivers rehabilitative outcomes that are unsurpassed anywhere else in the region.

Together we celebrate, we reflect, we adapt. On behalf of everyone at Gaylord Specialty Healthcare, thank you for your partnership and for being an integral part of our family. Collectively we will move beyond this challenging time in our history and emerge stronger and more resilient.

A handwritten signature in blue ink that reads "Sonja A. LaBarbera".

Sonja A. LaBarbera
President & CEO

Message from the Chief Development Officer

There is no doubt these months of uncertainty have created challenges but also provided opportunities to witness the collective resilience of the Gaylord community and tenacity of our patients and families. We have found new ways to move forward—continuing to deliver extraordinary medical care in the face of a relentless pandemic.

We continue to pursue research that advances recovery on debilitating injuries and painful illnesses and have built a stronger community with surrounding area hospitals. Gaylord serves as vital step between recovering health and reclaiming life. Patients travel to seek our medical care and be in the hands of providers that deliver remarkable recoveries.

All of our work begins with people and partnerships. As you read through our Annual Donor Gift Report, I hope you realize how valuable you, our donor, and our community are to the success of Gaylord. The need for your support comes at a critical moment of opportunity which is necessary for our collective success. Imagine a facility of healing where medical excellence is paired with compassion. A place where patients are cared for by a team of experts in recovery with the shared goal of returning people back home, back to their lives. Gaylord will continue to be the place where people come because the promise of recovery is fulfilled every day.

Thank you for your interest in our daily work that continues to drive superior patient outcomes. I invite you to explore the many possibilities to be involved with a visionary place for rehabilitation medical care that positively impacts lives and will be a generator of scientific answers after a devastating illness or injury.

A handwritten signature in blue ink that reads "Paige Panda".

Paige Panda
Senior Advisor to the President & CEO
Chief Development Officer

Celebrate Our Community

Our community is our patients, our donors, Gaylord staff and clinicians, our vendors, and our volunteers. Your support continuously furthers our mission.

In a year of unprecedented challenges, the commitment our community demonstrated was unwavering. When we needed masks, the support was swift and ongoing. There were unsolicited donations of food and beverages that sustained our employees during the initial months of COVID. Throughout the years, gifts to Gaylord have nurtured new projects, helped to purchase important technology for our patients, and provided enormous strength to our staff and resilience to our patients.

Thank you.

Celebrate our Growth

This year, Gaylord advanced its vision with two initiatives that increased our ability to bring our unique model of care to our patients.

Outpatient

We expanded our footprint in June 2020 with the opening of our fourth outpatient facility in Cromwell, CT. Our other outpatient facilities are in North Haven and Cheshire, in addition to our premier location in Wallingford, CT.

We envision our future to include creating a flagship outpatient facility in partnership with other regional providers, to streamline the patient experience with a single treatment location for their neurological and orthopedic outpatient needs.

Telemedicine

Gaylord quickly showed its commitment to patient care, when in May, we pivoted to telemedicine to treat many of our outpatients. Under the leadership of Jerrold Kaplan, MD, and working with our dedicated staff and clinicians, our telemedicine platform was up and running in record time.

The use of telemedicine technology allowed us to remain engaged with our patients. This form of real-time, audio-video communication allowed our physicians and patients to connect from their homes while still honoring Connecticut's stay-at-home mandate.

Thank you.

"Physicians, psychologists, therapists, and patients are realizing the benefit of telehealth. The pandemic probably moved us 10 years ahead of the curve."

Jerrold Kaplan, MD,
Medical Director, Gaylord Outpatient &
Workers Compensation Services

Celebrate our Innovation

With great anticipation and excitement, Gaylord launched the Milne Institute for Healthcare Innovation, funded by a historic philanthropic gift of \$5 million from George and Carol Milne.

Housed on Gaylord's Wallingford campus, the Institute will be a hub for accelerating world-class research, technology development and innovation in rehabilitative medicine, partnering with corporations and foundations. The Institute will leverage Gaylord's expertise in the care of brain and spinal cord injuries, complex strokes, amputations and pulmonary diseases to conduct research and develop evidence-based practices and applied technologies that have the potential to change lives around the world.

The Milne Institute for Healthcare Innovation is led by Executive Director Peter Grevelding, PT, MSPT, NCS, and Medical Director Dr. David Rosenblum, a Gaylord physiatrist and researcher with over 30 years of experience.

The Milne's have been long-time patrons of Gaylord. Carol is a former board member and George currently serves on our board of directors. We know it takes a bold strategy to generate revolutionary approaches to some of the biggest challenges facing modern rehabilitative healthcare. It takes leaders like George and Carol Milne who are equally as bold to invest in our vision.

Thank you.

"The Milne Institute for Healthcare Innovation is our commitment to accelerate Gaylord's long history of research, develop assistive and universally designed technologies to enhance recovery, advance the clinical practice of rehabilitation medicine and ultimately minimize limitations. We cannot thank the Milnes enough for their generosity. We are incredibly grateful for their foresight and hands-on involvement with the creation of this transformative vision."

Sonja LaBarbera,
President & CEO Gaylord Specialty Healthcare

"As a scientist and a biomedical researcher with a broad interest in outcomes, it is clear that Gaylord fills a unique niche that is not well-represented in our country.

The national need for a resource that can effect profound outcomes is extraordinary. Not only will we have the ability to perform transformational research on cutting-edge technologies, but also research some of the more modest things that, in the end, can have an enormous impact on helping patients thrive.

Gaylord will be an important sentinel to the rest of the country and beyond, and I believe in their potential to make a compelling difference in the world of rehabilitative medicine."

George Milne, Jr., Ph.D.,
Former Executive Vice President of Global Research and Development and President of Central Research at Pfizer, Inc.

Celebrate our Patients

Our patients in 2020 demonstrated amazing resilience.
We celebrate you!

In August, we celebrated the discharge of our 100th COVID-19 patient, Anika, who was admitted to Gaylord in June. Anika's journey—and those of the 99 patients before her—has truly been heartwarming to watch. Most of our COVID-19 patients came to us on a stretcher, and many walked out of our doors just a few weeks later and into the waiting arms of their loved ones. Some patients came to us dependent on ventilators, others with tracheostomies—each relying on our respiratory expertise to help them wean and breathe on their own. Each of their stories has been nothing short of inspirational.

The Connecticut community came together with an outpouring of support, ranging from donations of supplies, deliveries of food for staff, generous community grants for equipment and provided kind words of encouragement that have buoyed our staff and patients alike.

Our staff's Think Possible spirit has never wavered. At Gaylord, Think Possible is more than a motto, it's a pledge we take to heart to ensure patients with life-altering illnesses—and injuries—succeed in achieving their goals. The tireless hard work and collaboration with each patient and their family has helped so many families be reunited during this pandemic.

We congratulate our patients on their perseverance and thank our community of supporters who are committed to our mission. It is our privilege to be a part of this community.

Thank you.

Thank You to our Community of Generous Supporters

Philanthropy at Gaylord is built on people and partnerships.
Thank you for your investment in our mission of bringing
transformative rehabilitation care to our patients.

Gifting Hope

For years, the Orcutt family of Cheshire has upheld a cherished holiday tradition of giving back.

In lieu of exchanging presents, the family gifts "hope" by making charitable donations to a single nonprofit selected by a different relative each year. It's a way, said Tim Orcutt, of showing appreciation for the family's many blessings.

Tim explained that Christmas 2020 was supposed to be his wife Winora's turn to choose the beneficiary of the family's collective donations. But even though Winora had passed away from an aggressive brain tumor nearly eight months earlier, Tim knew exactly which organization she would have selected.

"Gaylord Specialty Healthcare," he said with conviction. "Gaylord gave her so much hope."

In 2014, a major surgery to remove a large brain tumor left Winora paralyzed. She spent more than 100 days at Gaylord relearning everything from how to feed herself to walking, her husband explained.

"We were very impressed with Gaylord's work. She actually walked out on her own three-and-a-half months after she arrived."

But in 2019, the tumor aggressively grew back, this time accompanied with seizures that greatly affected her motor skills. She was admitted twice more to Gaylord to recuperate her strength and function both before and after a surgery to eradicate the tumor. Within only two months, Tim said, the tumor had grown back yet again. In early April, Winora—a mother of three—passed away.

Tim explained that he felt compelled to give back to the healthcare organization that brought "so much function" back to his wife. Using proceeds from her life insurance policy, he made a sizeable donation to honor her memory and thank her caregivers.

As Christmas drew closer, Tim asked his family to designate their holiday donation to Gaylord's therapeutic recreation program which he referred to as a "bright spot" during each of his wife's three Gaylord stays.

"Our family has always been into board games so therapeutic rec was the highlight of her day. It was a fun diversion in her daily routine and it helped her work on her cognitive and motor skills, too."

Tim thanks Gaylord and its staff for the care and kindness shown to his wife and family.

"How fortunate we were that one of the top hospitals for brain injury in the country was right there in our backyard!"

"Life Can Change on a Dime"

After Devastating Ski Accident, Preti Family Champions Gaylord Research and Integrative Care

"My types of injuries were those you don't ever expect to have."

A skiing accident in March of 2019 left Bronx resident Bob Preti with a broken spine, ten broken ribs and significant internal damage.

But it wasn't until two days later, lying in his hospital bed in New York, that he experienced his most devastating injury yet: a spinal stroke that occurred after a fractured rib tore through an artery, bled out and caused Bob to lose nearly all movement from the waist down.

He and his wife Vicki turned to a relative—Bill Cook, the owner of a prominent physical therapy practice in Connecticut—for guidance on which post-acute setting in the northeast could offer the best chances for a complete recovery. Gaylord Specialty Healthcare in Connecticut, he said, came out on top.

"Bill was familiar with Dr. David Rosenblum's reputation and was enamored with his work... he said he would be a great guy for me, so we were thrilled when I found out that Dave would be my psychiatrist."

Bob worked with physical and occupational therapy and progressed over two months from not being able to stand without help to walking with a walker. Throughout his inpatient stay, Bob found himself continually in awe of the unique culture that prevailed at Gaylord.

"The totality of the care really impressed me," he said. "I am in the medical field and I know how difficult it is to integrate care across disciplines. But at Gaylord the nursing staff, the mobility team, the therapists, the doctors... everyone knew everything about my progress, every minute. Everyone was on the same page."

"I found that it was not an accident, but quite intentional that the culture centered around multidisciplinary and integrated care. They understand that you're in this horrific situation and it doesn't just affect your spine, but also your family and everyone around you. We appreciated that."

In the months following his discharge, the Preti family made the first of what would soon become several leadership gifts to Gaylord Specialty Healthcare in honor of his caregivers. "You don't feel like you can ever pay them back enough. The energy and patience they put into it and their belief it will get better gets you focused on the possibilities as opposed to the things you have lost."

Vicki, a nurse herself, recalled how evening shift nurse, Chrissy, would often spend time chatting with Bob to get an idea of how his day went.

"She went that extra mile to make sure he was in a good mental place. All of the Gaylord nurses, as a rule, were like that but Chrissy was a giant among giants, attuned to his emotional state and ready to talk things out to put his mind at ease."

Bob said that the hospital's "unique intertwining" of technology and research piqued his interest during his inpatient stay. "As I was in my hospital room, I could hear the exoskeleton down the hallway and I watched patients using the ZeroG (gait and balance system) in the gym. As I talked with Dr. Rosenblum, I found that as incredibly attentive he was to me, he was also quite interested in research and really wanted to find ways to have an influence on conditions as he meets them and share that with patients around the world."

At a Gaylord event, Bob met George and Carol Milne, whose leadership gift recently helped launch the eponymous Milne Institute for Healthcare Innovation. They discussed how a dedicated center for research and applied technology could "support Gaylord's mission and place in the holistic care system." The discussion inspired the Pretis to make a \$300,000 pledge with half earmarked to support applied technology and the remainder to fund integrative medicine.

"We would like to see Gaylord in a position to get the national recognition it truly deserves. And I think you do that by melding integrative care with creative research and technologies that can effect interventional change in its patient population."

With his extensive business, medical and entrepreneurial background, coupled with a unique first-hand patient perspective and keen interest in research, Bob was recently invited to join Gaylord Specialty Healthcare's Board of Directors.

"We are thrilled to support (CEO) Sonja LaBarbera whom I have come to know as a dynamic, transparent, bright and talented leader. She has great ideas for the hospital's future and has a way of bringing the staff along with her. I hope to be able to do my part to help set the conditions for success so she can achieve this vision for the hospital."

Employee Giving

Gaylord's greatest asset is our people. The annual Employee Giving Campaign invites staff members to join our philanthropic community signaling to others the importance of giving back to Gaylord. Spearheaded by ambassadors from each department, Gaylord staff rally to raise funds for our own patients demonstrating the positive, collaborative culture the Hospital continues to embody year after year.

Each day our clinical staff demonstrates the Think Possible mindset with their ability to return patients to their everyday lives. Staff at Gaylord believe in the possibility of total recovery. Employees' investment in Gaylord allows us to continue to build on our extraordinary clinical programs and services. More importantly, it endorses a central belief system that is critical to patient's recovery. Together, 406 employees donated \$120,246. Employees see their philanthropy at work through hospital renovations, additional technology and the expansion of services and programs. The spirit of philanthropy is evident at Gaylord and confirmed by employee giving because they want to be part of something great and provide for others— which is the heart of our work.

Celebrate our Commitment

Our annual events have supported our patients and community for over 30 years. Although our Wine, Beer & Cordial event and the Gaylord Gauntlet were canceled, you our community, still supported us.

The Gauntlet supported our Sports Association and raised \$105,000 for our adaptive athletes. Our Wine, Beer & Cordial tasting event supported our ongoing Hospital Renovations with \$8,500 raised.

In June, with the help of our amazing volunteer committee, our 31st Annual Golf Tournament was hosted at the Farms Country Club in Wallingford, Connecticut. Over 110 golfers attended and we raised \$90,000 for our Sports Association.

Gaylord provides educational experiences to the community at-large. Over 18 webinars on topics ranging from diabetes, wellness, to the creation of a COVID-19 support group was offered to our community free of charge.

We ended 2020 with our Giving Tuesday initiative in December. Because of you, our community of donors, over \$135,000 was raised to honor our Healthcare Heroes. All donations will support our Integrative Medicine program that will provide programs on resilience and wellness for our staff and patients.

Thank You.

Special Events

Wine, Beer, & Cordial Tasting

Due to the pandemic, Gaylord's annual Wine, Beer & Cordial event was canceled in 2020. We would like to thank those sponsors who continued their support of our programs as well as those individuals who allowed Gaylord to keep their registration as a donation. Your donations of \$8,500 supported our ongoing capital renovations in our Peter Buck Pavilion.

Our 2021 Beer, Wine & Cordial event is expected to be held in September.

For more information contact Lori Eron at 201-741-3454 or levon@gaylord.org

Special Events

Gaylord Golf Classic

Our community is you—our donors, Gaylord staff, our clinicians, our volunteers, our vendors—community that because of your support allows us to stay true to our mission.

The 31st annual Gaylord Golf Classic was held on Monday, June 14th, at the Farms Country Club in Wallingford. The tournament was co-chaired by Karen DelChiaro and Jason Zagorski. Karen has been involved with the golf tournament since its' inception. Jason is employed by Gaylord as a Regional Manager in the Business Development office. Karen & Jason know firsthand how important the work is that Gaylord does each day. For the 16th consecutive year PMA Insurance has been the Title Sponsor and we could not have continued success without them.

This year's tournament raised over \$90,000 for our Sports Association. The Sports Association provides people with disabilities the opportunity to be reintroduced to activities such as golf, tennis, skiing, rock climbing, cycling, and many other leisure and recreation activities. The budget for this program relies on the generosity of our fundraising events. Over \$1.4 million has been raised in those 30 years.

Ways to Give

Mail or Online

Send checks payable to:
Gaylord Hospital
P.O. Box 400
Wallingford, CT 06492
gaylord.org/donate

Stock & Wire Transfers

Please email Krystle Smith at ksmith@gaylord.org or call her directly at 203-741-3437.

Planned Giving

Planned gifts create a legacy that helps Gaylord advance its mission. Gaylord recognizes these commitments in our David Russell Lyman Society. For more information, please visit our planned giving website at gaylord.plannedgiving.org or email Paige Panda, Chief Development Officer, at ppanda@gaylord.org

Need Help

Visit gaylord.org/donate to learn more or contact Krystle Smith at ksmith@gaylord.org or call her directly at 203-741-3437.
